### HIIT It Hard

This workout blends super quick bursts of intense activity with super short rest periods while increasing your metabolism. You're sure to see muscle tone and weight loss if done consistently.

### Tabata Express

Tabata is a form of high-intensity interval training broken down into defined intervals of 2:1 work to rest ratio. There will be 20 seconds of max effort followed by 10 seconds of rest lasting for a 4-minute period followed by a 1-minute rest. This will be repeated 4 times. Tabata Express is an efficient way to get a high intensity full body workout in 30 minutes.
